A Legacy of Family and Excellence

The tradition of 6 Generations

By the Undurraga family (winemaking since 1885)

Full Family Involvement

Across vineyard, winery, and commercial operations

Long-term Vision

Rooted in stewardship and sustainability

Our Three Pillars: Family – Premium – Organic

Family

Multigenerational ownership ensures consistency and authenticity

Premium

Estate-grown fruit, low yields, gravity-fed vinification

Organic

Certified by Ecocert & Demeter; regenerative and biodiversity-based practices

Our Biodiverse Estate

Cover Crops

Restore and protect vineyard soils

Composting

Reduces external inputs and closes the natural cycle

Natural Management

Animals help manage vegetation naturally

Vineyard Wildlife & Natural Allies

Sheep

Naturally control weeds and fertilize soils, eliminating the need for machinery.

Bees and Native Flowers

Promote diverse ecosystems and improve pollination for healthier vines.

Wild Birds

Act as natural predators, providing effective and sustainable pest control.

Geese

Help control unwanted vegetation and maintain natural balance in the vineyard.
